

BOARD OF ASSESSORS

Rates Fixed on Assessments Throughout Nevada.

Yesterday the State Board of Assessors met in the Governor's office. The meeting was called to order by the Governor and the members immediately got down to business. In fact the meeting occupied but forty-five minutes, as they met at 11 o'clock and adjourned for the year at 11:45 with everything adjusted and no complaints made by the heavy taxpayers.

The only reduction made in the railway assessments was that of the Virginia & Truckee, which was reduced one thousand dollars per mile. Mr. Frank Murphy appeared for the road and made the statement that the receipts had fallen materially since the cut off at Hazen and asked for a reduction this was granted.

The other railroads were raised on an average of five hundred dollars per mile, which will make a vast difference in the amount of cash to be paid to the various county and the state treasury.

SILVER BOW.

Shipments Being Made From the Promising Camp.

GOLDFIELD, Jan. 9.—Silver Bow is being heard from again and, as usual, reports of very encouraging character. The mines in that immediate locality are producing constantly and shipments are now being made almost daily to the Goldfield mills, two big teams being in commission.

In a measure the camp has been overlooked by the merchants of Goldfield, but of late business relations between the two points have increased perceptibly, and Goldfield is very much the winner.

Now the merchants have begun to realize that Silver Bow is contiguous to Goldfield and have recently begun catering to the trade which is naturally contributory to them.

More properties are working today than ever before and many people are going in. The result is that business of all kinds is improving and there is a strong tendency to permanency.

Will Hold a Sale

The Kings Daughters, an organization composed of about a dozen girls of this city, who have performed many acts of charity, will hold a sale about the middle of February. The object of the sale is to raise money calls have been made this winter and this has depleted the scant treasury.

The order would desire donations, either in cash, fancy work, pastries or in fact anything that will be saleable. In this manner attractive booths can be arranged and the sales be assured of success.

This is the first call that the Kings Daughters have made on the public in nearly four years, as the members by their small donations have managed to keep up with their calls for assistance, and this being the case the public should respond heartily.

The date of the sale will be announced later and in the meantime anything that the public cares to give will be thankfully received.

The Mason Valley Telephone Company has almost completed their line connecting all the ranches at the upper end of the valley with Yerington and Wabuska.

A. C. Moorehead died suddenly in the hotel at Wabuska on the 1st inst. His brother-in-law, A. F. McKay took the body to Los Angeles for burial.

The cripple who was murdered at Montello some days ago has been identified as Fred Foreman of Butte City.

It is freely predicted that Ely, White Pine county, will have the largest population of any town in Nevada within the next three years.

The dealers of Winnemucca have been notified that the coal companies will be able to ship coal again in about two weeks.

The citizens of Goldfield, who are on the delinquent tax list, threaten all kinds of legal proceedings against the Commissioners. In any event it promises a rich field for the lawyers and they are taking advantage of the fact.

ANNUAL MEETING

Cash Boy Shows Money in the Treasury.

The annual meeting of the Tonopah Cash Boy Mining Company was held Monday evening in the Bank of Nevada building in Reno. It was attended by a majority of the stockholders, either in person or by proxy. The reports of the officers showed that there are 350,000 shares of treasury stock on hand and plenty of money in the treasury.

The superintendent reported that the ledge struck in the bottom of the shaft has been pierced to a depth of sixteen feet, with no sign of a wall. The ledge is strong and is dipping at 45 degrees.

A rumor has come from the front that the great Extension ledges are making for Cash Boy ground.

All the former officers were re-elected.

JOLLY GIRLS.

They Will Appear at the Opera House Tonight.

"Laugh and grow fat," is a term known the world over and believed to be a true one. As "laughter" is the keynote of The Jolly Girls Extravaganza Company which appears at the Opera House tonight, the theater should be packed. The performance is one continual round of jollity and laughter. Pretty girls, magnificence and tastefully gowned, in the fascinations of the day, and of days gone by and unctuous comedians are seen.

"An Honest Politician" the title of the opening musical farce, and "Tempest in a Tea House" is the closing extravaganza, showing a Japanese tea house, which is magnificently staged.

Some of the specialties are Harry Clark's latest sensation "The Radium Dance"; Sam Sidman, German Comedian; Brag & Ashton, and George T. Davis.

Death of Former Resident

Judge Wellington Stewart, father of Mrs. Mara of this city, died January 4th, at Eatonville, Washington. He was aged 83 years and was a native of New York.

The deceased was one of the first settlers in Carson City, crossing the plains of Illinois in 1859. At one time he was justice of the peace of this township.

Three other daughters and two sons survive.

To Continue Irrigation Work

Engineer L. H. Taylor of the U. S. hydrographic survey is quoted as saying that the statement that there would be very little work done on the irrigation project in Nevada during the next year is unauthorized. He says that the work is to be continued until all the land is under cultivation and until where there are only deserts at the present time, will be hundreds of farms in a few years.

Paul Deboy, alias Fred Wallingford, was brought up from Battle Mountain Thursday and is now in jail to appear before the grand jury for having forged the name of Matt Schmith to an order on Lemaire & Son for \$50.—Austine Reveille.

HOME FROM MANHATTAN

Carsonites Report It a Great and Coming Camp.

Ernest Esser and George Maute, came in from Manhattan last evening. Mr. Esser left last week to look over some holdings that he has out that way, while George Maute comes in to pay his folks a visit. George is one of the original discoverers of the camp, and in fact owns an equal fifth with his partners in the rich ground that was originally located. It was through his energy and the others that the famous district was discovered and brought to the front.

While George was on his way home he displayed a few choice samples of the ore from the camp. Some of it is literally alive with yellow metal and show exceptional values. In speaking of the camp he asserts that it is the coming mining camp of Nevada. Gold has been found around his claims and every day there is a report of a strike. People are rushing in from every side and the camp is growing even faster than did Tonopah or Goldfield and with every chance for permanency, as the ledges go down and maintain their riches as far as they have been prospected. Some of the ledges that showed but a few dollars on the surface and were considered of little value, are now in the shipping class.

Should the rush continue and the values keep on improving as they have in the past few weeks the camp of Manhattan will rival Goldfield, and the richness of the ore warrants the belief that it will.

George will spend a few days in this city with his folks and then back to the "diggings" as all his interests are out that way.

Clarence Mackey Sends Check

Rev Father Tubman, has received a check from Clarence H. Mackey of New York toward the building of a new Catholic church in Reno. The amount of the check is not made public but is said to be for a handsome sum. The ladies Catholic Building Association has been organized in Reno to assist in the work of collecting funds for building the new place of worship.

U. S. Court.

The case of Robert M. Burch versus the Southern Pacific Company is being tried in the United States Court. The plaintiff is suing for \$26,700 for personal injuries sustained at Wadsworth by an accident in the yards while employed by the defendant company and engaged in switching.

The attorneys for the plaintiff are Henderson and McMillan. The defendant is represented by Sumnerfield and Roberts.

The jury empaneled to try the case consists of James Kerr, C. J. Kienast, C. M. Henningsen, J. W. Phillips, J. Caughlin, George I. James, H. B. Clinton, Gus Seibert, Henry Godecke and A. C. Larsen.
